

## **2012 Community Capital Fund**

*OCH announces the launch of its 2012 Community Capital Fund. For the fourth year, \$100,000 has been set aside to support tenant efforts to beautify their communities and create opportunities for neighbors to come together.*

*Completed application forms must be received at the Tenant Service Centres in the four districts by the end of the day on **Friday, March 23rd, 2012**. To ensure that a community has the best chance of writing a successful application, we ask that applying communities contact their district's Community Development Manager to discuss their ideas.*

*Application forms are available from all Tenant Service Centres by contacting the local Community Development Manager.*
